## **Intersection Improvement Project on Halsted Street from 187<sup>th</sup> Street to 183<sup>rd</sup> Street**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Halsted Street between 187<sup>th</sup> Street and 183<sup>rd</sup> Street, in Glenwood, beginning, weather permitting, Monday, April 11. The closures are necessary to make improvements to the intersections and install sidewalk on Halsted Street.

The scope of the project includes widening and resurfacing 187<sup>th</sup> Street east of Halsted Street and constructing a right turn lane from westbound 187<sup>th</sup> Street to northbound Halsted Street. New sidewalk will be installed along Halsted Street and new traffic signals will be installed at the intersection of Halsted Street at 187<sup>th</sup> Street.

In order to complete the work, daily lane closures will take place on Halsted Street between 187<sup>th</sup> Street and 183<sup>rd</sup> Street. Occasional closures will take place on 187<sup>th</sup> Street and 183<sup>rd</sup> Street. Access to businesses along Halsted Street will remain open.

The overall improvements will reduce congestion and improve pedestrian safety. The project is scheduled to be complete in Fall 2016.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
